Dear Mr. Munson:

I obtained State Lease ML 48588 and started mining on this lease in September 2000. I also mined on State Lease ML 41355 until November 2008. The portions of State Lease ML 41355 and ML 48588 I mined were reclaimed in 2008. The portions of the original State Lease ML 41355 currently being mined by Mr. Crapo are now designated under a new State Lease ML 51615, leased by Mr. Crapo. I completed the regrading and seeding of all my disturbances on State Lease ML 48588 and State Lease ML 41355 in 2008. I am now requesting an inspection and release of my permit, S/025/025. The state currently holds a \$2,000 revegetation bond for Permit S/025/025.

Please let me know if you have any questions and when you can arrange an inspection.

Sincerely,

Robert Harris
